VOLUME 1.

MARYVILLE, MISSOURI, FRIDAY, APRIL 14, 1911.

NO. 264.

FOR THE TRACK MEET

ARRANGEMENTS BEING MADE SO AS TO MAKE A SUCCESS.

ENTRIES ARE RECEIVED

By Prof. Moore—New Grand Stand to Be Ready By the Time of the Meet on April 29.

The big track meet is only two weeks away, and everything is progressing rapidly and in a manner to make the meet a perfect one. Coach Moore, secretary of the Athletic Association, has already received the entries from Platte City, St. Joseph, Rosendale and Coon, Iowa. Nearly all of the other preliminary events will be held this Friday and Saturday, and by the 17th of the month all of the entries will be in.

The grand stand is rapidly nearing completion. The old portion has been moved. The new portion will make it possible to seat twice as many as last year and seat them comfortably, for the seats are eighteen inches wide and the whole is to be roofed over.

The grounds will be enclosed this year so as to keep the crowds off of the field, where the events are taking place. Lunch will be served in the Normal building and every convenience possible will be at hand to provide for the comfort of everybody.

SECRETARY OF SOUTH BEND COMMERCIAL CLUB

The Skidmore New Era had the following about a former Maryville man:

C. Frank Terhune, formerly secretary of the Elgin, Ill. Commercial club, has been elected to the secretaryship of the South Bend, Ind. Commercial club, at a salary of \$2,000 a year. A raise over the former place of \$500 a year.

Mr. Terhune took charge of the Elgin Commercial Club in 1908 at the time of its organization. He was instrumental in accomplishing great things for Elgin, among them was securing a reduction of the freight rates with a system of monthly rebates bringing to his city the Western Thread factory, Advance Fence Company, Hasty Manufacturing Company and Jones Refrigerator Company. Mr. Terhune proved himself such a valuable man to the club and his town that the South Bend Commercial club offered him the raise in salary to secure his services for their city.

Mr. Terhune is a son of Mrs. A. F. Howden of Skidmore and a son-in-law of Mrs. H. E. Robinson, formerly of Maryville.

MRS. ROACH WAS A NATIVE OF NODAWAY

The funeral services of the late Mrs. Martha Neal Roach, wife of Thomas H. Roach, were held Friday morning at the family home, five miles north of Maryville. Rev. W. E. Royston, pastor of the M. E. church at Pickering, conducted the funeral. Burial took place in Oak Hill cemetery.

Mrs. Roach was born in Nodaway county, September 1, 1858. She was the daughter of J. M. Neal, one of the pioneer settlers of this county. She had been in ill health for a long time before her last illness, which confined her six weeks at St. Francis hospital.

Mrs. Roach united with the Bloomfield M. E. church in her early youth, later becoming affiliated with the M. E. church at Pickering, Mo., remaining a faithful Christian until her death.

On the first day of January, 1880, she was united in marriage to Thomas H. Roach. Five children were born to them, all of whom are living: Charles Henry Roach, of Bedison, Mo.; Mrs. Curtis Dixon of Moline, Kan.; Mrs. Lester M. Jones of New York City, and the Misses Maude and Golda Roach at home.

Shortly before her death, realizing that the end of her life was near, Mrs. Roach quietly assured her husband that death had no fears for her, and if it was the Lord's will she was willing to go. She said she had always loved her home, her husband and her children more than all things else in the world; that she was proud and happy in the lives of her children and they were never dearer to her than now when her earthly life with them would cease.

Mrs. Roach chose private rather than public influence, and wished her prayers, her words and her actions to be seen and heard by those few whose character she was moulding. So pure and true to her God was she that one knowing her inner life would say, "This is the true faith." Unafraid of death, she obeyed her Master's call as a child going to its father.

Rev. Harrel to Weston.

The Rev. Lee Harrel went to Weston, Mo., Friday morning to conduct the funeral services of the late Alfred Kile, to be held Friday afternoon.

Mrs. H. E. Torrance and granddaughter, Mary Woolridge, went to Hopkins Friday noon to visit until Monday with Miss Mary's brother, Master Donald Woolridge, at the home of her uncle, Fred Woolridge.

Miss Veronica O'Grady, a student of St. Joseph's academy at Clyde, returned Friday to spend the Easter vacation with her parents, Mr. and Mrs. D. O'Grady, living west of the city.

Samuel Allen and sister, Miss Mae Allen, of Clyde, were in the city Friday on business.

Miss Grace Ross of Hopkins was a Maryville business visitor Friday.

AWARDS CONTRACT

TO THE ST. JOSEPH CONSTRUCTION CO., THURSDAY.

TO COMPLETE NORMAL

To Be Finished by July—Geo. B. Baker Selected as Treasurer—Board to Meet Here May 24.

At a meeting of the board of regents in St. Joseph Thursday, final arrangements were made for the completion of the Normal building. The Chandlee Paint Company will have charge of all the painting and glazing to be done at a price of 55 cents an hour for each employee, material to be furnished by the board.

The St. Joseph Construction Company will take up the work where it was left off by Mr. Marshall and complete the building as soon as possible. They will also repair all of the defective work which is now in the building, going over the woodwork which is cracked and badly painted.

If the money from the appropriation is not sufficient for the completion of the building the bonding company have promised to make good the deficiency.

The contractors are ready to put their men on the job at once, but a delay of a few days will be necessary in order to complete a few legal matters before commencing actual work. The building, however, will not be completed before July.

Mr. White, a representative of the Baltimore Bonding company, which is Marshall's surety for the completion of the building, according to plans and specifications, was present at the meeting, and stated that it would make good its surety.

All of the members of the board were present except W. E. Rankin of Tarkio. President Taylor and Registrar Rickenbrode from the school were in attendance.

The resignation of Joseph Jackson, Jr., as treasurer of the board was accepted and George B. Baker was selected. It is the policy of the board to select the treasurer from one of the Maryville banks, each to serve for a term of two years.

A meeting of the board of regents will be held in Maryville on May 24, at 1 o'clock at which time the teachers for the coming year will be selected.

NORMAL WON GAME OVER HIGH SCHOOL

It's here! It's here! No, not the league kind, but it's baseball just the same. Three to nothing was the way it was done Thursday afternoon on the Normal Athletic field, and the Normals were the ones who did it. Their opponents, the high school, have always been good ball handlers for their class, and they put up a game practically equal to that of the Normals. Each side could have done better, but then it is early in the season yet, and the high wind was a handicap in yesterday's game.

Next Monday afternoon at 4:15 the Normals will play Conception College on the Normal's grounds.

"THE CHARITY BALL"

TO BE GIVEN AT EMPIRE THEATER NEXT TUESDAY EVENING.

CAST OF CHARACTERS

Play Is Under the Direction of Mrs. William Wallis, Jr.—For the Elks' Ladies.

The rehearsals for "The Charity Ball," a David Belasco play, that will be presented at the Empire theater under the auspices of the Elks' ladies next Tuesday night, April 18, are being held nightly.

It is a New York story, which opens and ends at the home of the devoted and greatly beloved young rector of St. Mildred's church. The rector and his mother, who is blind; his brother, a Wall street magnate who decides to jilt a penniless sweetheart to marry the daughter of the "King of Wall Street," for business reasons, and his little sister, who is just beginning to have love affairs, opens the story nicely. Mrs. De Peyster, widow, and Judge Knox, promise to keep the audience in lively mood, while all the other characters play a part that cannot fail of interest to everyone every minute of the time.

The tickets will go on sale at Reulard's Saturday morning. The play promises a big patronage. It's no wonder, though, with the people in it. The characters could not have been better selected. The cast is as follows: John Van Buren, rector of St. Mildred's, Frank J. Zimmerman.

Dick Van Buren, of the firm of Van Buren & Creighton, Wall street, known on the street as "The Earthquake," Laurence W. Ray.

Judge Peter Guernsey Knox, left over from a past era, unable to catch up with the present—Robert Crail. Franklin Gruzer, the King of Wall street—Perry O. Landon.

Mr. Creighton, junior partner of Van Buren & Creighton—Herchel Colbert. Alec Robinson, ambitious to be dubbed on "Change," "Alexander the Great"—Glenn Goff.

Mr. Betts, the Organist of St. Mildred's—Lawrence W. Ray. Paxton, confidential clerk of Van Buren & Creighton—Eldon Ervin. Cain, a thing of shreds and patches—Donald Keef.

ELLSWORTH BREAKS LEG NEAR ST. LOUIS

The following is from the St. Louis Republic of Thursday's issue about W. H. Ellsworth of this city breaking his leg:

A heavy mail bag thrown from the first mail which passed through Ferguson at 2:50 p. m. yesterday struck W. H. Ellsworth of Maryville, Mo., who was standing on the station platform, and broke his leg.

Ellsworth was employed by the Wabash to plaster the waiting room of the Ferguson station. He had just finished the job after a week's work and was crossing the platform when the accident occurred.

The bag is usually thrown off the train about a hundred feet up the track from the station, but for some reason the throw was delayed yesterday and Ellsworth happened to be in the line of flight. The train was going at a high rate of speed at the time and this added to the velocity with which the bag was projected through the air.

He was made as comfortable as possible in the station until the next train west hurried him to the Wabash hospital at Moberly, Mo.

St. Louis, April 14.—A terrific wind, hail and thunder storm, accompanied by a heavy downpour of rain, swept over St. Louis, causing thousands of dollars of damage and indirectly three deaths. The dead include a driver of a team of mules, who was electrocuted by running into a live wire; a woman who succumbed to fright, and another woman who was killed in a runaway, her horses taking fright during the storm. Houses were blown down in the outskirts of the city, and in the extreme north end an eight-story elevator containing 1,000,000 bushels of wheat valued at \$750,000, was blown into the river.

Windows in the Bryan Hill and John Marshall schools and two churches were broken by the wind and hail.

The damage was particularly heavy in the west end, north side and in St. Louis county, where many greenhouses were demolished by the hailstones, which measured more than two inches in diameter.

Four Killed at Vales Mines.

Four negroes are known to be dead, a number injured, one seriously, and three missing, following a tornado which wrecked the town of Vales Mines, forty miles southeast of here.

Mr. and Mrs. A. C. Baker, their daughter and son-in-law were killed when the Vales Mines postoffice and general store crashed in upon them. Postmaster Bunce, who is believed to have been the only person in the debris, was taken out half an hour after the storm. He is said to be dying at his home.

News of the storm, which damaged farm property, tore up trees, paralyzed wire communication and blocked railroad roads, was first received at Festus, Mo. A train crew raced over the Mississippi River and Bonne Terre railroad from Vales Mines, carrying terrified passengers out of the danger zone.

Relief parties from Festus tried to reach the stricken town, but found the roads blocked by high water. No word has come out of Vales Mines since. It is believed that a second storm visited the place, as the one which demolished Cadet, Mo., ten miles south of Vales Mines, was reported from De Soto as sweeping in that direction.

Five Killed at Cadet.

De Soto, Mo., April 14.—Five persons are reported dead and a score injured at Cadet, Mo., a town of 200 inhabitants twelve miles south of here, as the result of a tornado, which practically demolished the town.

Wires are down in every direction and a creek between this place and the stricken town is out of its banks, cutting off assistance from here.

FIRST STORM KILLS NINETEEN

Several Days Before List of Victims is Complete.

Kansas City, April 14.—Although the weather is now fair throughout the tornado-swept districts of Kansas, Oklahoma, western Missouri and northern Arkansas, the major portion of the telephone and telegraph wires are still down and only meager reports of the death and destruction wrought by the storm are obtainable. It will be several days before a complete list can be obtained. It now appears that at least nineteen persons were killed. The list of injured will number more than 100.

Lippincott Estate Goes to Widow.

Philadelphia, April 14.—With the exception of a few bequests to his two daughters, a grandson and two employees, the estate of Craig Lippincott, head of the J. B. Lippincott Publishing company, who committed suicide last week, is given in trust to his widow, Mrs. Sallie E. Lippincott. The will was filed for probate by the executor at "upwards of \$100,000" and the real estate at \$65,000.

AMERICANS INTERVENE

Troops Cross Line to Stop Fighting in Mexico.

REBELS TAKE AGUA PRIETA.

Bullets From Battle Fall Into Douglas, Killing Two Americans and Wounding Several Others—Young Woman Is Shot in Arm.

Agua Prieta, Mex., April 14.—During a battle which resulted in the capture of this city by the rebels, commanded by "Red" Lopez, American troops crossed the border and stopped the fighting. The action was taken after one man had been killed and several wounded in Douglas and the continued firing was endangering the lives of Americans on United States territory. The rebels deployed the firing line up and down the Nacozari railroad tracks from Agua Prieta station to the American customs house.

With the opening of the battle there began a rush of American sightseers from Douglas toward the international line, the greater number passing at the customs house. The rebels with little rushes kept moving northward toward the customs house, until they were within its shadows. The customs house is surrounded on three sides facing Agua Prieta with a veranda, which was crowded with Americans and Mexicans from Douglas.

The rebels swung up along the international line, taking possession of the American guard house, which the federalists had made their ammunition magazine. A squad of fifteen fought from this shelter with Lopez commanding. This house is only seventy feet from the line, where hundreds of Americans stood.

As the rebels swung around to this flank it brought the federal fire from Agua Prieta directly in line with the American customs house. Telephone poles were shattered, shots dug up the sand on all sides, but the sightseers, mad with enthusiasm of the fight, stood their ground.

Two Americans Killed.

J. C. Edwards, a young man of twenty-five years, was fighting with the insurgents and was killed. His home was in Virginia.

Robert Harrington, a switchman employed in the yards at Douglas, was on his train at Fourth street. A bullet struck him in the head and he tumbled from the car. He died within an hour.

E. E. Crow, another switchman, was on the same train and the same volley that killed Harrington swept him from the car also. He was shot through the body from side to side and probably will die. Crow's family resides in Colorado.

A. R. Dickson, half owner of the Washington mine, was shot through the thigh. The bone is broken and the wound may prove fatal.

Girl Among Wounded.

Genevieve Cole, sixteen years old, daughter of A. W. Cole, formerly alderman in the Douglas city council, was sitting in her father's home when a federal bullet passed through her arm. Lopez captured the Nacozari train and, with his troops aboard, numbered 150, it steamed back to Agua Prieta. Scarcely had the rebels retreated when the firing began.

Charles Lennen, a baker from Bisbee, was among the sightseers when a bullet, partially spent, struck him in the leg, passing through the flesh. He turned and started toward Douglas when another struck him in the back. His wounds will not prove fatal.

Rebels at Boundary.

One rebel attempted to run from the embankment to an adobe house a few feet to the rear. He doubled up in his tracks. Another followed, dropping dead at the door.

Another, losing heart, threw down his gun and broke for the American line, only a few feet away, when Lopez leveled his gun at the fugitive, fired and brought him to earth.

Dickson, the American shot through the thigh, had taken up a position behind a little dirt embankment to the south of Nacozari station, on the Mexican side, with a station employee. Both waved their white handkerchiefs at a squad of federalists, but the sign of peace was answered by a volley of shots, one of which struck Dickson as he lay on the ground.

Peace Plans Fail.

Chihuahua, April 14.—Another peace project for Mexico failed when Francisco Madero and Dr. F. R. Seyferta returned in automobiles from Madero's camp, near Bastillos, sixty miles west of here, and reported their mission having been without definite result. Francisco Madero, the insurrecto leader, refused to conclude peace terms of ferred, which he argued as nothing more than the promise already made by President Diaz in his message. Senator Madero reiterated his statement given in a recent interview, saying his position was clear and capable of but a single interpretation, viz.: That he would sacrifice himself and all he had, if necessary, to the end that the insurrection bring about a complete change of politics in Mexico. Convinced that Madero was firm in his attitude, the party returned to Chihuahua.

TILDEN REFUSES TO
PRODUCE BANK BOOKS

Probers Refuting Hines' Denial of
Part in Lorimer Fund.

Springfield, Ill., April 14.—Two important developments occurred in the hearing of the state senate committee which is investigating the election of William Lorimer to the United States senate. The first was the disclosure of a campaign by the attorneys and investigators of the committee for the apparent purpose of discrediting Edward Hines, Chicago lumberman, charged with having collected a large fund to elect Senator Lorimer. Mr. Hines testified two weeks ago that he had no knowledge of any such fund.

The second development was the refusal of Edward Tilden, Chicago banker and banker, to produce before the committee his accounts in the various banks through which he does business.

N. B. Coan, special investigator for the senate bribery committee, related his experiences on a recent trip to Marquette, Mich. He told of seeing and talking with Frank J. Russell, Robert C. Low, E. D. Houser, Rush Culver and Shelby B. Jones.

Coan said that he obtained affidavits from the first three of these five men. The investigator stated that these men said they had met Hines in the Marquette hotel in the summer of 1909 and that Hines had boasted of "putting over" William Lorimer as senator from Illinois.

Attorney Healy then read an affidavit from Frank J. Russell. This affidavit stated that Hines had declared "I've put Lorimer over and it cost us a lot of money, but he is well worth all of it to us."

The affidavit further stated that this conversation resulted from a discussion of the tariff on lumber.

Low's affidavit, which was next read, stated that Hines had declared the reason for raising the \$100,000 fund to elect Lorimer was to assure a high tariff on lumber.

BANDIT SHOTS CONDUCTOR

Attempt to Rob Santa Fe Passenger

Train Is Partly Successful.

Syracuse, Kan., April 14.—An unknown man boarded Santa Fe passenger train No. 5 as it left here at 1 a. m. He was heavily armed and pointed a revolver at the conductor, E. B. Reilly, and brakeman O'Leary. He robbed both men, obtaining only a small sum. When he attempted to rob the passengers, Reilly made a show of resistance and was shot twice through the shoulder by the bandit. The man then stopped the train and jumped off. A posse is searching for the robber. Reilly, who lives here, was taken to the company hospital at La Junta, where it is reported he probably will recover.

Boys' Wagons

Not the cheap trashy kind, but a substantial article, solid oak body, running gear steel, rubber tires and ball-bearing, can haul 1 pound or 1,000 pounds with ease. The boy mows and rakes the yard, makes the garden, gets in the fuel, tends to the horse and cow and you ought to get him a wagon. He deserves it, and if you will just mention it to him, he will accept.

We try to carry everything in the hardware line you need and want. If we haven't it in stock we will be only too glad to get it for you on short notice at a saving in price for you.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, thus change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as curing you do their work, but they do not cure you. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sayville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 2, 553 Caldwell building, Monticello, Va.

DIRECT ELECTION OF SENATORS

House Passes Measure Favoring Popular Vote.

TAKEN FROM FEDERAL CONTROL

Effort to Tack on Amendment Defeated—Rucker Resolution Closely Follows Lines of Borah Measure—Vote Stands 296 to 16.

Washington, April 14.—The house of representatives by a vote of 296 to 16 passed the Rucker resolution, proposing a constitutional amendment for the direct election of United States senators. This is the first of the Democratic program measures passed by the house. It went through without modification and with a speed that brought protests from the Republicans.

The resolution, as the house approved it, is in the form of the Borah resolution reported out of the senate judiciary committee in the closing days of the last congress. Republican opposition to the Rucker resolution in the house was based on the fact that it did not contain the changes afterwards made in the fight in the senate, which assured to congress continued control over elections in the several states.

After six hours of debate, in which many demands were made for this change in the resolution, all but fifteen of the Republicans voted for the passage of the resolution. The majority of them had stated during the debate that they would support the resolution because they believed the public wanted such a constitutional amendment submitted to the country as quickly as possible.

Those who opposed the resolution on the final vote were: Republicans—Cannon, Mann, Danforth, Dwight, Malby, Dodds, Fordney, McMoran, Harris, Lawrence, McCall, Wilder, Hinds, Sullaway, Utter Democrats—McDermott (Ill.).

TAFT OBJECTS TO RECALL

President Outlines His Position in Letter to Congressman Flood.

Washington, April 14.—President Taft has outlined briefly his opposition to the recall of judges provided for in the constitution of Arizona in a letter to Chairman Flood of the house committee on territories. His letter to Chairman Flood was in answer to a verbal proposal made by the latter several days ago, that legislation be enacted relieving the president of the necessity of passing upon Arizona's constitution and putting the responsibility for its approval or disapproval to congress alone.

The president explained to Mr. Flood, it was said at the White House, that if such a resolution were passed and sent to him his approval would practically mean an approval of the Arizona constitution and the recall of judges. The president explained, however, that at present he did not know what position he might take if such a resolution were submitted.

GOOD ROADS BILL IN HOUSE

One Would Create National Wagon Roads Commission.

Washington, April 14.—Two bills for the improvement of public highways in the United States were introduced in the house of representatives, one by Hughes of West Virginia, providing for the appointment of a national wagon roads commission, the other by Campbell of Kansas, to establish in the department of agriculture a bureau of public highways. The commission is to be composed of three members at \$5,000 a year each, having practical knowledge of road engineering and construction and is to report to the postmaster general and the secretary of commerce and labor.

AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays when our hair comes out or gets faded or gray instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.
